

Michigan Society for Infection Control

Promoting Healthy Communities Through Epidemiology

"Our strength is in our members."

Betty Ann Eash RN -
Acute Care

"Getting resource information from workers in various fields is wonderful."

Carol McPherson RN -
Public Health

"Basic Infection Control Course gave me the skills to perform my new job with confidence."

Julie Newton RN - Acute Care

"This is a terrific (Basic) training program- I've been in IC for only 3 months—I'm very impressed with MSIC leaders/trainers/members—what a fabulous and knowledgeable group! I will be joining!" Anonymous

MSIC - Developing a knowledge network providing educational resources and promoting science-based practices in partnership with the community

Infection Prevention members from:

- ◆ Acute Care
